Principal's Message

“Students are more successful when they are offered learning in an environment that recognizes the skills which are mutually reinforcing and central to learning”

In its nascent state, human mind is a coarse grain of sand, which virtually gets nourished with creative ideas, imagination, opportunities and experiences to develop into an ominous pearl that has the ability to revolutionize the world.

Delhi Public School, Indore provides a plethora of paths to graduation, explicitly acknowledging the value of both academic and career preparation. These opportunities engage more students in decision making processes with more horizontal collocation between educators and pupils. We recognize, appreciate and foster the perspective of a student changing the pessimistic outlook to a bright and expectant one.

We are pleased to present you 'E-Gallop', which espouses the school spirit, developed within the school through the collective actions, thoughts and aspirations of both the children and the teachers, reflecting upon the students' creativity and achievements.

THE WIZARD of OZ

This is a classic tale
About a girl, Dorothy Gale
She lived in Kansas. With her uncle & aunt
Toto was her dog always accompanying her and wagging its tail

The vortex of tornado swirled her house over the rainbow
She landed in munchkin land and knew not where to go?
The fairy of the North bestowed her with ruby slippers
And guided her to follow the yellow brick path
To find her own dreams and follow her heart

She befriended a scarecrow the tin man and a lion on the way
They set on a journey with desires and sway
To reach the enchanted land of Oz
Surely the wizard would help them with their cause

They travelled the miles to rendezvous with the wizard
He asked them to bring the broomstick
If they succeed he'll grant their wish
But the witch abducted them and threatened
To turn them into a monkey or a lizard

The end of the witch was caused by a splash
Everyone rejoiced and had a bash
Now Dorothy and her friends were going to OZ
Thinking about their own flaws

Finally everyone got what they longed for
The quest was over, the wishes were fulfilled Now.
They were perfect, no need to roam
Because there is no place like Home!!!!

Rana Pratap of Mewar is the Epitome of Rajput Valor and the spirit of self-sacrifice. His defiance of the mighty Mughal Empire almost single handedly and the many incidences of his life remain a cornucopia of inspiration of all.
