ANNUAL REPORT - 2023

Laying the foundation of excellence

Principal's Message

Dr. Dharam Verma

*"Little drops of water, little grains of sand
make the mighty ocean and the pleasant land
So the little minutes humble though they be
Make the mighty ages of eternity"*

Warm greetings! Congratulations on completing twenty glorious years! It is with a humble heart that I reflect upon the achievements of Delhi Public School Indore. As said in Hitopadesha - 'With the falling of just drops of water, the pot gradually fills up. So is the case with acquisition of all knowledge and all pursuits too.' From a vision to setting a benchmark - the journey has been both awesome and awe inspiring. We think we have achieved something, but with the foreseeable and the unforeseen educational scenario in the country and abroad, we still have miles to go.....

I would like to dwell briefly on the changing times and the radical changes needed in the field of education. We are living in times where the pace of events is so fast that today's latest becomes obsolete tomorrow. As Alvin Toffler rightly calls it, 'The future shock'. Apart from pursuing excellence in academic, sports, art, dance and music children have to be taught to grapple with the problems of their generations. Obviously yesterday's solutions to today's problems would not suffice. The Annual Report is a testimony to all the hard work that has gone into making the institution what it is today- synonymous to excellent quality holistic development. So we are constantly creating opportunities for success. And success is not an activity, but a process.

The facilities provided here teamed up with the acumen and tenacious perseverance of teachers have made the name of the school resound in the highest echelons of education in the city.

Our students are scaling heights, but we teach them to stay grounded and give back to society. We firmly believe that Every time God sends a child into the world, He is proclaiming that he has not lost hope in mankind yet.

We are aware of the great trust that stakeholders have reposed in us and it will be our constant endeavor to live upto their expectations in us. God bless you all!
